

COUNCIL NOW CONTROLS PURCHASES BY GERMANS

Economic Adviser Tells Congressional Committee of Plans Arranged.

BARUCH IS QUESTIONED

Asserts That Three Prussian Cities Have Been Ceded to Big Five Powers, but Denies America Is Responsible for Debt.

WASHINGTON, August 2.—Bernard M. Baruch, economic adviser to the American peace delegation, told the Foreign Relations Committee today that no purchases could be made in the United States or elsewhere by German concerns except through the reparations commission to be set up under the treaty of Versailles.

This provision was put in the treaty, Mr. Baruch said, so Germany could not evade any part of her indemnity obligations by sending money outside the country privately and thus reducing her industrial resources "to a mere shell."

F. W. Taussig, who advised the American delegation on customs provisions, was questioned by the committee as to the part the American delegates had in framing the economic program included in the treaty. He said that "in some respects" the Americans exercise a greater influence than any other group, because they frequently were called upon to arbitrate the proposals of the other nations. He declared there was no foundation for the suggestion that the British delegates had "dominated" the financial decisions of the peace conference. Stating that under the treaty Germany was to be "dominated" by the big five powers and that parts of German territory so ceded were made responsible for certain portions of the German debt, Senator Knox, Republican, Pennsylvania, asked Mr. Baruch whether this would not make the United States responsible for part of Germany's war debt.

Mr. Baruch said he was "quite sure" there was no such intention, but he was unable to cite any provision of the treaty which would eventually permit this country to pass on responsibility under the debt clause to the government which assumes final control in districts mentioned. Senator Knox declared there was no such alleviating provision.

On Monday the committee will hear Norman Davis, another of the American advisers at Versailles.

STRIKES IN JAPAN

High Cost of Food and Labor Unrest Said to Be Cause of the Trouble.

TOKYO, August 2.—Because of the steadily increasing cost of living, with the price of rice soaring daily, labor unrest is spreading in Japan. Numerous strikes have occurred in Tokyo, Yokohama, Osaka and Nagoya, in which women have participated. Virtually all the newspapers are daily making bitter attacks upon the government for its failure to regulate the cost of necessities.

RABBI CALISCH TO SPEAK AT COMMUNITY SING TODAY

Seven-Minute Address Will Come at Intermission in Musical Program.

At the fourth band concert and community "sing" of the summer, which will be given in the open air at Byrd Park this afternoon at 5 o'clock under the auspices of the War Camp Community Service, Rabbi E. N. Calisch, of Beth Ahavah Synagogue, will be the speaker. His address will come at the intermission in the musical program, and will not be over seven minutes long.

Henri Beaugard song and cheer leader of the War Camp Community Service, will direct the singing, and Professor Moses Stein will conduct his twenty-five-piece band in a number of selections. There will also be a concert solo, "The Lost Chord," by Herbert La Fratta. The community "sing" will take place just before the address by Mr. Calisch, and will last about thirty minutes.

Last Sunday Rev. Russell Cecil, D. D., pastor of the Second Presbyterian Church, made the seven-minute address at the open-air concert. More than 1,000 people attended, a number going out to escape the heat in the crowded sections of the city.

Regarding Polish charges that the Ukrainians are favoring German commercialization of Russia, M. Stepanow, director of the co-operative land banks, maintained by 15,000,000 farmers with headquarters formerly at Kiev, said:

ICE PLENTIFUL HERE

Richmond Manufacturers Running Full Capacity to Supply Near-By Towns and Cities.

Although near-by towns are in want of ice, Richmond is in no immediate danger of a shortage, according to dealers in the manufacturing plants of Richmond are running at capacity in order that near-by towns may be helped out in the present emergency. Should the reserve supply of ice begin to run low, Richmond dealers state that they will at once stop shipping ice in order that no inconvenience may be caused local consumers.

FARMS FOR SOLDIERS

Adoption of Secretary Lane's Plan Is Urged in Resolution Offered in Congress.

WASHINGTON, August 2.—Passage of the Mondell bill, embodying Secretary Lane's project for farms for soldiers and sailors, was recommended in a report submitted to the House today by Representative Sinnott, Republican, Oregon, chairman of the Public Lands Committee. The measure carries an appropriation of \$500,000,000, and was reported after exhaustive hearings had been held.

SOLDIERS OF GREGORIEFF MASSACRE ODESSA JEWS

Report of Slaughter Has Been Received in Semi-Official Polish Circles.

PROCLAIM MOURNING PERIOD

Ukrainians Deny Charge That They Favor German Commercialization of Russia—Wish to Do Business With United States.

LONDON, August 2.—Semi-official Polish sources have received reports that General Gregorieff's troops, which are occupying the Odessa, surrounding the Jewish quarter, had begun a massacre, which lasted three days and nights.

Russian soldiers of Gregorieff's command, it is stated, carried out the massacre. The Jews of Ukraine and Bessarabia have proclaimed a mourning period of fourteen days.

Regarding Polish charges that the Ukrainians are favoring German commercialization of Russia, M. Stepanow, director of the co-operative land banks, maintained by 15,000,000 farmers with headquarters formerly at Kiev, said:

"The country above all we wish to do business with is America. It is true that at present French politics is driving us into the arms of the Germans, but we realize that the Germans would attempt to exploit us and also that they have no resources."

Recently the Germans offered us a very big loan and also unlimited supplies, but we rejected the offer, as we felt acceptance would mean the ruin of our prospects in the United States. Foreigners do not realize that 65 per cent of old Russia's grain and sugar exports came from the Ukraine, and also that we have plenty of leather, hemp, flax, phosphates, quicksilver and iron ore. We are willing now to buy clothing and machinery, and have 12,000,000,000 rubles with which to do so."

FIFTY BOY SCOUTS PULL CAMP STAKES FOR HOME

Fifty-Acre Tract Used for Outing of Boy Scouts Is Rude Fond Good-Bye.

Over fifty Boy Scouts of Richmond packed their kits yesterday afternoon and tramped out of their summer camp in Chesterfield County, on the Broad Road, bound for home. Yesterday the camp, consisting of fifty acres of land and a lake, was closed for the season, and the boys who have been enjoying an outing packed their "duds" and hiked it.

The camp, which was bought five years ago with money raised through an over-subscription to a Boy Scout drive, is open just six weeks a year, when scouts from Richmond and the surrounding territory go in large numbers and learn to swim, hike and other things taught by the scout masters.

Week's Weather Forecast. WASHINGTON, August 2.—Weather conditions for the week beginning August 4 are: Middle Atlantic States, generally fair, with a probability of occasional showers in the middle of the week. Temperature moderate but near normal.

RELIEF COMES GRADUALLY TO AID WIDOW-MOTHER

Fund for Fatherless Family of Eight Receives More Generous Gifts.

Gradually the needs of the widow and seven children for whom The Times-Dispatch relief fund is asking aid are being met. The total contributions for Case No. 1, as this designated, have reached \$108, and it is expected that during this week this amount will be much more than doubled. As often happens in gifts to charity, many people are sending help to the widow and her family merely under an initial, or as "A Friend," these checks are acknowledged by The Times-Dispatch relief fund daily with the other contributions.

Dr. James Buchanan, secretary of the Associated Charities, yesterday expressed himself as pleased at the aid rendered this charge of his organization through The Times-Dispatch. In speaking of Case No. 1, Dr. Buchanan said: "Great interest has been shown in this little woman as manifest by the number of inquiries at my office as to her identity. We never divulge the name of persons whom we are aiding and, of course, could not in this case. This mother of seven, who lost her husband about a year ago, is in such a good, clean family, with really high standards, that it is a wonderful thing to be able to keep it together. Many people have said that they would take care of the youngsters and care for it, but breaking up the family is just the thing we are trying to avoid. It is to be hoped that sufficient money to care for this case will be forthcoming from the people of Richmond."

Checks received by the fund yesterday were:

Power Plant Is Sold. DANVILLE, VA., August 2.—The Chatham power plant has been sold at auction for \$23,000 to J. H. Hargrave, Jr. With the power plant goes the franchise and the White Falls property, which was bought in 1914 for the purpose of further developing electrical power. The water power at White Falls, capable of developing 1,000 horse power, will be developed by the purchaser.

These positive facts are now known to millions.

The pain of a corn can be instantly stopped, and forever.

The corn itself can be ended completely, and usually in two days.

The method is scientific. It consists of attaching a Blue-jay plaster, forgetting the corn, and letting things take their course.

The results have been proved by experience.

They have been proved to so many people that corns are now comparatively uncommon.

Corn aches are needless.

Paring corns is folly.

Old-time harsh and messy treatments have no place today.

You will know these facts, and quickly, if you'll try a Blue-jay on one corn. Do it tonight, and the whole corn question will settle itself forever.

K. OF C. MEMBERS GATHER IN BUFFALO AUGUST 5-7

Thirty-Seventh Annual Convention Will Hear Program of Schools Discussed.

BUFFALO, N. Y., August 2.—The thirty-seventh annual convention of the Knights of Columbus will be held here August 5, 6, 7, and will be the most important meeting ever held of the supreme body of the Catholic organization since its foundation in New Haven, Conn., in 1882. The Knights of Columbus as an organization has now grown from the confines of the State of Connecticut to include seven different countries in the scope of its jurisdiction.

membership—the United States, Canada, Newfoundland, Porto Rico, Cuba, the Philippines and Mexico, besides being represented by two councils in the Canal Zone. From an original membership of fifty-two the Knights have grown so that now they number approximately 600,000.

Every State in the Union, every province in Canada and the member ship in the other countries mentioned will be represented by over 350 delegates at the convention. At this convention the Knights will hear the recommendation of the educational conference held under their auspices in New York last week, and will launch the nation-wide system of schools which the Knights are projecting as a constructive warfare against Bolshevism and all forms of extreme radicalism.
